Uploading Code to ESP32

Installing the Arduino IDE

ESP32 Dev Board Add-On

Downloading GitHub Code

Installing Libraries

SixAxisPair Tool and PS3 Controller

Installing the Arduino IDE

STEPS
1. Start by navigating directly to the Arduino IDE installation page using this link
a. <https://support.arduino.cc/hc/en-us/articles/360019833020-Download-and-install-Arduino-IDE>
2. Follow the instructions for your operating system. I'm personally using windows.

ALLRIGHT.

STEPS
